

Display Port to DVI Female Converter

Features & Specification

- The product is a Display Port to DVI Monitor or Displayer converter cable.
- The product integrates 1-to-1 Display Port & DVI Level Shifter.
- Compliant with Display Port 1.1
- Integrated 50 Ohm termination resistors for AC coupled differential inputs
- Low Intra-pair and Intra-pair skews
- Support full Display Port link training
- Support DVI V1.0 Level Shifting
- Support Display Port all 4 levels of output
- AC coupled TMDS level shifting operation up to 3.0 Gbit/s per lane (300 MHz character clock)
- Support video format MAX:4K x 2K (NOTE: DVI Only Support 1920 x 1080P)
- Integrated DDC Level Shifter (3.3 V source side to 5V sink side and vice versa)
- DDC Support up 400kHz clock frequency
- Integrated DDC buffer for Display Port to DVI Converter
- With HPD Level Sifting
- ESD protection up to 3 KV
- Transparent operation : no re-timing or software configuration required
- Easy to install , Plug & Play, RoHS Compliant
- With screw hall / easy fasten
